Loraine Falls Before Rally By Eagles; Bronte Here Tomorrow

Finding themselves on the short end of a 6-0 score with seven minutes left in the game, the Eldorado Eagles roared back with a short kick-off and scored to win the game 7-6, in their contest last Friday night at Loraine.

Loraine scored ending a 60 yard drive with Bob Rankin going over for the score. The Eagles stopped Rankin inches short of the extra points try and the score remained 6-0.

Loraine tried an on-side kick and Eldorado wound up with the ball on the Loraine 33 due to some heads-up play by Dean Williams. Carl Parker gave Eldorado a first down on the 20 with a fine 13 yard run. On the next play, Eldorado was penalized 15 yards for holding, placing the ball on the Loraine 35. On the following play, Quarterback Dan Mittel dropped back and hit Jimmy Mackey with a long pass and Mackey raced over to tie the score. Demetrio Bellman kicked the extra point which was the margin of victory, making the score 7-6.

The game was a fine defensive show by both teams. The entire Eagle defense did a fine job with several very hard tackles by Duwain Sauer, standing out.

ELDORADO VS BRONTE HERE TOMORROW NIGHT

Friday (tomorrow) night, the Eagles take on a big Bronte team. The game will start at 8:00 with pre-game activities at which the Queen will be presented. This is a secret and no one will know until that time. At the half the band sweetheart will be presented; this also being a secret.

E. C. Hill Sustains Stroke

ERNEST C. HILL

A light stroke was sustained by Ernest C. Hill Monday night in the veterans' hospital in Big Spring, where he had been undergoing a series of tests.

Mrs. Hill went to Big Spring and reported by telephone to friends here Tuesday night that Mr. Hill was doing better, and would be transferred to the veterans' hospital at Waco as soon as a room there was available, which should be later this week.

Tex. Almanacs at the Success

Post Script

Some changes have taken place in Eldorado as result of Snell men being transferred out.

Charles Adams moved to McCamey and Charles Hubbard bought his house.

Also moving to McCamey last week was Albert Ray Thigpen, and J. L. Steed, the band director in the school, purchased his house. Roy Martin moved to McCamey and Floyd Sanders moved to Brownfield.

Ralph Waldron will leave soon for his new job at McCamey or Goldsmith. Mrs. Waldron and their son, Robbye, who is a senior in the Eldorado high school, will remain here until the close of the school year. Hollis McCormick is in the process of buying the Waldron house.

Ted Hoss, field foreman for Sinclair, is moving to San Angelo this week, and will carry on his work in several counties from there.

Leslie Woullard, English teacher here for several years, has bought the Ted Hoss residence near the Methodist church and expects to move in this week end.

More changes! Shorty Taylor, who has been operating the Sinclair station on South Main street, is selling his interest in the station to Jack Montgomery—the deal is to be effective Saturday, Nov. 1st. Taylor will devote all of his time to the Java Junction in co-operation with his wife.

Jack Montgomery is moving his tools and parts to the Sinclair station and will operate the sales and service of the P&M Motor Company from there. Bill Burton has been employed as station attendant and Gilbert Lowe has moved and will be in charge of the shop.

Plymouth and DeSoto cars will be available from the new location. As reported last week, Halliburton takes over the Tisdale building which is being vacated by Montgomery.

Mr. and Mrs. Taylor have added a new improvement at the Java Junction cafe, with the opening of a new dining room.

Using space that was originally laid out for living quarters, they removed partitions and came up with a room about 12x30 feet which holds enough tables to seat about 40. It is convenient to the kitchen but can be closed off from the main dining room, and is already becoming popular as a reserved dining space for special groups.

Eldorado Firemen report that their ticket sale is going well in their sale of chances for hunting leases. There will be 13 drawings for some of the best hunting leases in Schleicher county.

The Firemen ordered 500 tickets and about half of these have already been sold. The drawing will take place at 7:30 p.m. November 11th at the Fire Hall. All firemen have tickets for sale.

Mrs. Robert Milligan is adding a 15x16-foot room to her house for the purpose of enlarging her painting studio. C. L. Martin, carpenter, is doing the work.

At least two of the new Halliburton men have found housing here in Eldorado. Elton Holt has rented a Riley house, and Bob Mara has rented the Fambrough house on the San Angelo highway.

LIONS CLUB MEETS

Three selections were rendered by the Triple Trio of high school girls at yesterday's meeting of the Lions club. Mrs. Oliver Teele directed the group and Nancy Jo Jackson was accompanist.

Joe M. Christian urged all captains in the combined Scout fund drive to turn in their cards as soon as possible.

Annual Halloween Carnival To Be Held Here Saturday

The annual P. T. A. Halloween carnival will be held this Saturday, November 1st.

The parade will start at 5:30 and will form on the side street by Clovis Oil Co. Every child and adult who wishes to be in the parade is invited to do so. Prizes will be given for the best original, the prettiest and the spookiest costumes in the elementary grades and for pre-school children. Also an adult prize and a teen-age prize will be given.

The parade will march to the parking area by the courthouse and the judging will be done from a float. The coronation of the queen will follow.

Queen candidates and escorts are listed as follows:
7th grade: Susie Scott, Lynn Meador.
8th grade: Frances Henderson,

Voters Urged To Participate In General Election Tuesday

Schleicher County voters will join others over the state Tuesday, November 4, when they go to the polls to officially elect state and local officials, and accept or reject nine proposed amendments to the state constitution.

In a one-party state like Texas, voter turn-out in the General Election is usually light, since the Democratic Primaries which were held during the summer are tantamount to election.

However, both the Republican

and Democratic workers have urged a good voter turnout Tuesday, November 4, when they go to the polls to officially elect state and local officials, and accept or reject nine proposed amendments to the state constitution.

Voting Hours

Voting hours will be from 8:00 a. m. to 7:00 p. m., at the various polling places over the county.

Deadline for absentee voting is tomorrow, Friday, at 5:00 o'clock in the office of County Clerk Patton Enochs. On Tuesday of this week, only four absentee votes had been cast.

Polling Places

- Memorial building, Tom Ratliff, judge.
- Eldorado Wool House, Mrs. B. F. Blaylock.
- Cooper Gas, Hal Whitten.
- County Barn, Joe Wagley.
- Adams, (voters to co. barn).
- Perry Mittel residence, Jimmy West.
- Permian Gas Plant office, Mrs. Victor Sauer.

Returns will be compiled in the county clerk's office and relayed to the election bureau, although interest is expected to center mainly on the state level on the amendment votes, which people can follow by television or radio.

Junior High Team Wins Over Ozona Recently

The Eaglets scored on the third play of the game with O'Harrow going 63 yards. Pete Logan and Dennis Jurecek threw good blocks on the last two lines. Jimmy scored two more times in the first quarter. Eldorado led 22-0 at the half with the second unit playing all the second quarter Thursday night.

The Eaglets scored two more lines in the third quarter with John McGregor going 5 yards on a line play. Donny Holden hit Jimmy O'Harrow on a 30-yard pass play for the other score. Holden made four extra points.

Ozona was not able to get a drive started. All boys played well on defense.

The Eaglets play their last game of the season tonight against Sonora.

There will be two games tonight. The first game will start at 6:00 playing only 6-minute quarters.

The second game will start about 7:00 o'clock.

Cotton Harvest At Stand-Still While Rains Continue

"We were just getting going good, and then the rains set in again," was a farmer's remark this week in regard to the cotton harvest.

This paper reported last week that on Wednesday, Oct. 22, the season's total was 1389 bales, and the cotton was rolling in at a rate of over 100 bales a day. Clear weather continued through Wednesday, Thursday and Friday, during which time there was an increase of about 400 bales at the local gin. Drizzly rain set in Friday night and has continued up to the present, with no picking done since last Friday.

The gin total yesterday was 1809 which included a 4-bale load sitting under the suction waiting to be processed.

Hundreds of braceros have been idle and some have returned to Old Mexico.

RECEIVES SILVER AWARD

Joel Tom Meador recently received his Silver Award, the top honor in Explorer Scouting, in Post 434 in Ballinger where he attends school. He is a Junior Assistant Scoutmaster in Troop 34 in Ballinger, which is the unit in which he earned his Eagle Scout badge about a year and one-half ago.

Joel Tom is lined up to attend the International Scout Jamboree to be held this coming summer in the Philippine Islands. He is the son of Mr. and Mrs. Cecil Meador.

Mr. and Mrs. Perry Kellogg of Fallon, Nevada, visited here recently with Mrs. W. E. Baker and daughter, Ruth.

NINE AMENDMENTS TO BE VOTED ON IN GENERAL ELECTION NOVEMBER 4TH

Following is a brief digest of the nine Constitutional Amendments to be voted on at the General Election next week, Nov. 4:

NUMBER ONE ON THE BALLOT (HJR 1)—Provides for annual sessions of the legislature, changing the compensation, per diem and travel expenses of members of the legislature and authorizing temporary residence of the Lieutenant Governor and Speaker of the House in the Capitol building.

NUMBER TWO ON THE BALLOT (SJR 5)—Authorizes each county to establish, after approval by its voters, a retirement, disability and death compensation fund covering the elective officers of the county or precinct, as well as the appointive officers and employees of the county or precinct.

NUMBER THREE ON THE BALLOT (HJR 30)—Provides that vacancies in the office of County Judge and Justices of the Peace shall be filled by the Commissioners Court only until the next General Election.

NUMBER FOUR ON THE BALLOT (HJR 31)—Provides that any District, County or Precinct official serving a four-year term must resign before announcing for a different office if there remains unserved more than one (1) year of the term for which he was elected.

NUMBER FIVE ON THE BALLOT (HJR 17)—Provides that a Home Rule City may provide by Charter Provision, and a City operating under the general laws may provide by majority vote, for a longer term of office than two (2) years for its officers, either elective or appointive, or both not to exceed four years.

NUMBER SIX ON THE BALLOT (HJR 48)—Provides for pension to retired Texas Rangers who are ineligible to participate in the Employees Retirement System of Texas, and their widows.

NUMBER SEVEN ON THE BALLOT (SJR 4)—Authorizes the Legislature to make appropriations and establish procedure for advertising the historical, natural, agricultural industrial, educational, recreational and other resources of Texas.

NUMBER EIGHT ON THE BALLOT (HJR 36)—Gives the Legislature the power to authorize vendor payments for medical care in addition to the amount paid in the form of direct public assistance to and on behalf of needy recipients of Old Age Assistance, Aid to the Blind, Aid to Dependent Children or Aid to the Permanently and Totally Disabled; providing for the acceptance of funds from the Federal Government for the purpose of paying such assistance.

NUMBER NINE ON THE BALLOT (SJR 3)—Authorizes the legislature to create a hospital District coextensive with the incorporated limits to the City of Amarillo and a county wide hospital District in Wichita County, Texas, and Hospital District in Jefferson County,

Look Ahead To 1960! Vote Now!

The election year of 1960 promises to be one of utmost importance. The various factions of the Democratic party in Texas will fight for control of party machinery at the state convention, which will precede National Convention.

As always, each county of Texas will send delegates to the State Democratic Convention based on the turnout of voters in the preceding GENERAL election.

In the past, Schleicher county has often been allowed only one delegate to the state convention because so few voters bothered to vote ahead of time in the General Election. Much voter apathy is due to the fact that the Democratic Primary, which was held in July, is tantamount to election of our local and state officials.

We can strengthen our representation in the 1960 State Democratic Convention—a year and one-half from now—if every qualified voter of the county will go to the polls Tuesday and vote. If you expect to be out of town Tuesday, you may vote absentee in the county clerk's office, deadline for which is tomorrow, Friday, at 5:00 p.m.

The constitutional amendments are also important, since they affect so many phases of our state government.

Every qualified county voter should vote in this coming Tuesday's General Election. Your vote in this 1958 election can have far-reaching effects in 1960, and your amendment votes will also count for much.

The rains stopped last night and at 7:30 this (Thursday) morning the sun was shining.

CITATION BY PUBLICATION
The State of Texas
TO: Audie Lee Lindsey, Defendant, Greeting:
YOU ARE HEREBY COMMANDED to appear before the Honorable 51st District Court of Schleicher County at the Courthouse thereof, in Eldorado, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 24th day of November A. D. 1958, to Plaintiff's Petition filed in said court, on the 19th day of August A. D. 1958, in this cause, numbered 990 on the docket of said court and styled Grace Lindsey, Plaintiff, vs. Audie Lindsey, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Suit for Divorce as is more fully shown by Plaintiff's Petition on file in this suit.

BROWNIE TROOP 3 MEETS
Brownie Troop 3 met Thursday, Oct. 23, with 19 present. Minutes of the last meeting were read by Maureen McCravy. Dues were collected by Billy Gayl Blaylock.
Treats were served by Sherry Yates, Stella and Shirley Hubble. As a good deed, Mildred Warren did the ironing for her mother. For fun we celebrated our first birthday as a Brownie troop. For a project we have ordered an American flag that has flown over the Capitol at Washington, D. C. Mary Jo Parker led us in a flag ceremony.
Sunshine reporter for the week will be Barbara Ann Casbeer. Plans for the future are to help our mothers at home by amking our beds every morning. The motion for adjournment was made by Susan Lee Mobley. —Reporter.

Brownie Troop No. 2 met Oct. 28 in the Corral. Drinks and cookies were served by hostess Shone Henderson and Jan Preston. A song was led by Cynthia Boggs and work was started on Christmas presents.

Major and Mrs. Aubrey R. Neil from El Paso visited Mrs. W. E. Baker and Mr. and Mrs. Leslie Baker here recently.

BROWNIE TROOP 1 MEETS
Brownie Troop No. 1 met October 28. We had our meeting and Doris Sue McDonald served refreshments. We played a game and then worked on our scrapbook.
At our last week's meeting we had our meeting and Frances Lozano served refreshments. Then we went to the Bill Smith cotton field. Kathy Smith and her father explained the growth of cotton. —Reporter.

Grain Sorghum Production Gains Prominence

College Station.—Grain sorghum has taken a place of prominence in Texas agriculture.

Annual grain sorghum production in Texas has been more than 100 million bushels five times since 1949 with a maximum production of 238 million bushels in 1957. The average annual monetary value of the crop in Texas since 1949 has been 130 million dollars and it is the second crop in Texas in money value, being exceeded only by cotton.

Sorghum as a grain crop in the United States is exceeded in production only by wheat and corn. As a world food grain, sorghum ranks third behind rice and wheat.

The chief use for sorghum grain in the U. S. is feed for poultry, cattle, sheep and swine. The grain which contains 12% protein, 3% fat and 70% carbohydrates, com-

pares favorably with corn as a feed grain. The starch from the grain can be used for food products, adhesives and sizing for paper and fabrics.

Sorghum is grown for grain on substantial acreage in about 135 Texas counties. Cultural practices are similar to those required by other row crops such as cotton and corn. The method of seedbed preparation and later cultivation de-

pends largely on the soil, climate and kind of equipment available.

Mrs. Herman C. Walker Hostess To Club Tuesday

Mrs. Herman C. Walker was hostess to the Woman's Club at the club room Tuesday afternoon. Mrs. Edwin Jackson presided over the meeting and stated that the state president of Woman's Clubs had urged that all members exercise their privilege of voting on the amendments that are to come up next Tuesday, Nov. 4th. The club voted to send a cash donation as a Christmas gift to the McKnight Sanitorium. All members who wish to have a part in this donation should bring their gift to the next meeting of the club.

It was decided to have a covered dish luncheon at the club room on Nov. 25th.

Mrs. E. H. Topliffe, chairman of the department of education, stated that there is a shortage of teachers for public schools and she told of examinations which high school graduates could take which would grant them a certificate to teach for one year.

Mrs. Joe Edens was leader of the program on modern literature. Mrs. C. H. Clark described the character of the writings of Mickey Spillane and Mrs. Topliffe described the works of Agatha Christie.

The hostess served refreshments of pumpkin pie, coffee and tea.

Processed Poultry Will Bear U. S. Stamp Of Approval After Jan. 1st

College Station.—All poultry and poultry products which move for sale across state lines after January 1, 1959, must bear a stamp of approval indicating that it has been inspected for wholesomeness by an agent of the U. S. Department of Agriculture.

At that time the Poultry Products Inspection Act becomes effective, and the poultry industry will join the meat industry in offering consumers assurance of Federal inspection in all plants processing poultry for interstate commerce. To qualify for this service, a processing plant must meet a number of established standards for facilities, equipment, operating procedure, and labeling.

Any plant which has not already applied for inspection services, should do so as quickly as possible, Marshall Miller, extension poultry marketing specialist, reminds Texas poultry processors. Through special arrangements have been set up to make the qualification process as fast as possible, some time is required to meet the necessary requirements. The processor must have blueprints of his plant and premises approved, his water supply certified and all labels and chemical compounds used on products okayed.

Trick or Treat campaign for CROP (Christian Rural Overseas Program) collecting good, clean clothing following the P-TA carnival.

This Wednesday the members of the church are to meet in annual session to elect their 1961 class of Ruling Elders and Deacons. Also to act on the proposed budget which the officers have set up for 1959. If it is passed it will mean that the per capita giving for next year will be \$113.42. Supper will be served at 6:45 and the business session will begin at 7:30.

On Saturday night we are asking all of the Junior Hi young people to cover the town with "trick or treat" demanding old clothing for CROP (Christian Rural Overseas Program). This is a very worthy cause and we will appreciate the cooperation of all the people.

Austin.—As Texas' "Battle of the Budget" roars on toward its 1959 climax, almost every week brings a new statement on the probably size of the state deficit. Usually worse than the last one.

State Comptroller Robert S. Calvert and Legislative Budget Director Vernon A. McGee combined to present a frankly pessimistic picture for the Texas Research League meeting in Austin. McGee said the general revenue fund will need \$279,000,000 during the next two years to keep things going as they are. Calvert estimated that the present tax structure would put \$125,000,000 into general revenue during this period. This leaves a gap of \$154,000,000 between estimated income and outgo. In addition, Calvert estimated that the general revenue fund will be \$55,600,000 in arrears by the end of the present fiscal year in August, 1959.

Research League is composed of several hundred leaders in Texas business and professions whose private contributions support research in the interest of governmental efficiency. Much of the League staff's time during the past year has been devoted to assisting the State Tax Study Commission in a mammoth survey of Texas' revenue and tax problems.

Can Do
Gov. Price Daniel took a "we can lick this thing" attitude in a press conference on taxes.

Daniel said he felt the deficit could be erased and new revenue needs met without a general sales tax or income tax. Taxes we have presently could be raised to the maximum level used in other states, said the governor. And other taxes—not sales or income—could be added.

Daniel also indicated that he was not fully convinced that the gap between income and needs would be as large as the \$154 million mentioned by the comptroller.

He would not definitely say now, said the governor, that he would or would not veto sales or income tax bills if passed by the Legislature. But he made it clear that he did not favor them, and that he thought there were better possibilities.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

Six regional meetings have been scheduled by the Texas Animal Health Council for October and November. Presentation of facts and suggested changes needed by the state's multi-million dollar livestock industry will be discussed.

Chairman Gerald Hartgraves of the county beef cattle committee and committee members attended this most important meeting October 29 at the Scharbauer hotel in Midland.

The Texas Animal Health Council is composed of delegates from 32 major livestock and farm organizations in Texas. This council was organized in 1955 to deal with brucellosis. The council feels that livestock producers must realize that unless a lot of changing is done, and fast, the industry may suffer great losses in the near future.

Members of the county beef cattle committee are Carrol White, Howard Derrick, Bob Sykes, and Robert Martin.

December 15 has been set for a farmer referendum on marketing quotas for upland cotton. A national acreage allotment has been set at 16 million acres.

If marketing quotas are approved, it takes a two-thirds favorable vote. The cotton grower will have a choice between two allotment price support programs known as A and B.

Under A, growers who comply with regular acreage allotments will have available price support of 80%. Growers under choice B receive larger farm allotments—40% above the regular allotment, but with a reduction of 15% in price support as compared with choice A. If marketing quotas are not approved price support will be available to cooperators at 50% of parity as provided by law.

The movement of beef cattle into feed lots has been slowed for the second consecutive year due to excellent range conditions and a hesitancy on the part of feeders to pay asking price for feeder calves.

Fall army worms are present in the county and can do much damage to lawn, flowers, and small grains.

The worms vary in color from green to tan—the full grown worms are black with yellow stripes down the sides. It takes about five weeks to reach maturity.

Toxaphene or DDT used as a spray or dust is very effective. Use 3 quarts per acre when spraying small grains with DDT or 2

quarts when spraying with toxaphene. Apply 10-15 pounds of 10% dust to the acre of toxaphene or DDT.

Mighty few men ever do their jobs and get a hundred per cent result, but that doesn't argue that we should give up trying.

The USDA estimates that 182.3 pounds of meat consumed per person in the U.S.A. for 1958—85.8 pounds of beef and veal, 61 pounds of pork, 3.9 pounds of lamb and mutton, and 31.6 pounds of poultry meat.

The short allowance of meat the first half of 1958 brought the recent good livestock prices. The actual weight being under 180 pounds butchered and distributed. A break in prices will come when meat production reaches 195-200 pounds per person.

Cattle and hog raisers are the producers who can and may push the production back up to 1956 levels within 2 years. It seems at present that the hogmen are most likely to bring on over-production of meat supplies.

Big thoughts are usually expressed with small words.

Methodist News

Those attending the Children's Workers Institute at First Methodist Church in San Angelo were Mrs. L. V. Newport and Mrs. R. R. Heaner.

The Week of Prayer service will be tomorrow (Friday) afternoon from 2 until 3 o'clock.

The last session of the annual churchwide mission study was held last Sunday night. Mrs. Heaner taught the course on Alaska and Hawaii. The study was sponsored by the Commission on Missions, of which Mrs. Ed Meador is chairman.

Rev. Heaner attended the district Board of Hospitals and Homes in Eden last week, to consider a proposal submitted by the town and the church of Eden. He is secretary of this board.

SINGING SUNDAY

Everyone is invited to the regular singing this Sunday from 2:00 to 4:00 at the Memorial building.

Bill Guntsead attended homecoming last week end at North Texas State college at Denton, and visited friends in Pilot Point. He returned home Sunday night.

Home Demonstration Agent's Column

By MRS. VIDA KREKUC'W

This is being written on October 23 and if plans go according to schedule I will be at a state conference from October 26 through the 31st. Each year the county and home extension agents of the state of Texas gather at A&M College for a week's review of progress, some teaching and a great deal of inspiration and guidance. Mr. Godwin, 873 more agents and I will be meeting and eating together. Mr. C. M. Ferguson of the Federal Extension Service of Washington, D. C. will present the main address of the session.

I am going to be privileged to attend work shops and lectures on a general, broad description of "New Facts in Home Economics," "Place of Home Economics in Today's World," "Effect of Carcass Grades and Fatness on Tenderness of Meat," "Family Food Selection Patterns within the State" and "Use of Label Information on Ready Made Street Dresses" will be the specific areas covered. It's a wonderful opportunity for us to all get together, trade experiences and problems and work on the solutions, together.

I've had more comment on the convenience and useability of the basic master mix than any demonstration given in a long time. Clip and use. You will enjoy being just a little ahead with the biscuits, short cake, muffins or dumplings half made when the supper starts.

Master Mix
The homemade master mix is a little cheaper than most of the commercial mixes. The master mix recipes will save time and energy.

Master Mix Recipe
9 cups sifted all purpose flour
1/3 cup double acting baking powder
1 tablespoon salt
2 teaspoons cream of tartar
1/4 cup sugar
2 cups shortening which do not require refrigeration.

Stir baking powder, salt, cream of tartar and sugar into flour. Sift together three times into a large mixing bowl. Cut in shortening with a pastry blender, until the mix is the consistency of corn meal. Store in covered containers at room temperature. To measure the master mix, pile it lightly into cup and level off with a spatula.

Recipes Using Master Mix
Biscuits
3 cups master mix
2/3 to 1 cup milk
Add milk to the mix all at once, stirring 25 strokes. Knead 15 to 18 times on lightly floured board. Roll 1/2 inch thick. Cut. Bake on baking sheet in a hot oven (450 F.) from 10 to 12 minutes. Makes 18 two-inch biscuits.

Muffins
3 cups Master mix
2 tablespoons sugar
1 cup milk
1 egg
Add sugar to the mix. Combine milk and beaten egg. Add to the mix. Stir until flour is just moistened (about 15 strokes). Bake in greased muffin pans in hot oven (425 F.) for about 12 minutes. Makes 12 medium sized muffins.

Cornbread
1 1/2 cups Master Mix
3/4 cup cornmeal
1/2 teaspoon salt
2 tablespoons sugar
3/4 cup sweet milk
1 egg.
Stir cornmeal, salt and sugar into the mix. Combine milk and beaten egg. Add to the mix, stirring until blended. Bake in greased pan in a hot oven (425 F.) about 30 minutes. Yield: 10x10" pan.

Before the green tomatoes are gone, do try this uncooked relish recipe. The fact that no cooking is required makes it so much easier to handle. No cooking utensils, no hot jars to handle, no trouble in sealing the hot jars.

Uncooked Relish
1 gallon green tomatoes
1 head cabbage
6 hot peppers
6 or 8 red or green bell peppers
12 big onions
1 bunch celery
1/2 cup salt
1 teaspoon tumeric
1 teaspoon cinnamon
4 cups sugar
1 quart vinegar.
Chop or grind all vegetables. Add salt. Let stand 20 minutes. Drain liquid off. Add spices to vinegar. Pour vinegar over chopped vegetables and mix. Put into clean jars and seal. Let stand 3 or 4 weeks to ripen and improve the flavor.

I ran this in the paper last July but I figured that it would be easier for you to use this one instead of looking the other one up. They are the same in case you want to know.

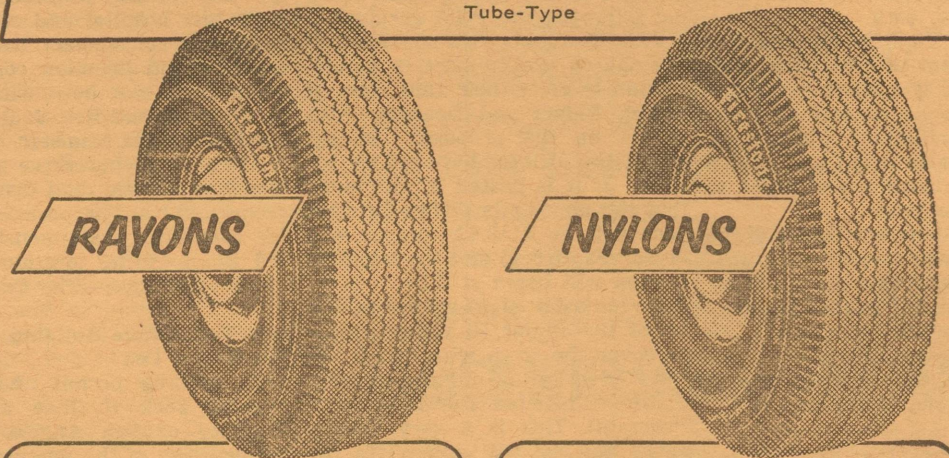

Mr. and Mrs. Ben Biggs and their grand daughters, Barbara and Deborah McElroy of San Angelo, spent the week end in Abilene. The Biggses cared for their grandson, while Mr. and Mrs. Glenn Biggs attended the homecoming at Baylor. The Ben Biggses also attended the Hardin Simmons and Wichita, Kan., football game.

HALLOWE'EN PARTY OF 50 YEARS AGO DESCRIBED IN SUCCESS ISSUE OF PERIOD

(From the Success, Nov. 6, 1908)

On Hallowe'e, an entertainment was given by Misses Estelle and Cecile Elder at their elegant home on corner of First and Main streets. The home was tastefully decorated for the occasion, having Hallowe'en lights, ghosts, witches, and the fortune teller.

The ghost part was played by Master Bob Bennett and David Elder, while the witches were Misses Ima Bearce and Isabelle Benson, with Mrs. W. M. Whitfield acting as fortune teller. Besides these amusements, there were music, games, and refreshments.

After the crowd had all gathered and had played many pranks on each other suitable to All Saints day, and had enjoyed many kinds of games, they were invited to the dining room to partake of a delicious supper that had been prepared for the occasion.

The dining room was beautifully decorated with flowers and Hallowe'en lights, while the table groaned beneath its load of good things such as nuts, fruits, candies, cakes and sandwiches. While eating, the cake which contained a ring, two keys, a button and a dime was passed, and all drew to see what luck they would have.

The keys represented knowledge and were drawn by J. E. Conner and Joseph Elder; the bachelor button was also drawn by John Conner. The dime representing wealth was drawn by Miss Kora Ellis while the ring was drawn by Miss Lena Whitfield.

After supper the jolly crowd returned to the parlor where they were entertained until the time of parting was at hand. All who were there expressed themselves as being royally entertained by their queenly hostesses, the Misses Elder.

Those present were: Mr. and Mrs. I. H. Elder, Mrs. W. M. Ben-

nett, Mrs. W. L. Gann, and Misses Kora Ellis, Fannie Johnson, Lena Whitfield, Maud Cozens, Mattie Bannister, Lottie Hill, Johnnie Alexander, Alma McCartney, Lillie Berry, Stella Bird, Myrtle Williams, and Imogene Moore.

Also present were Messrs. James Peden, T. M. Bailey, Dan Murrah, Frank Watson, Joseph H. Elder, S. L. Wright, Halbert G. Garland, Jr., Arthur Goodson, E. Conner, P. I. Elder, Joe Patton and Orville Conner.

Week end visitors in the home of Mr. and Mrs. J. B. Montgomery were Mr. and Mrs. Joe Bailey Montgomery of Boerne, Mr. and Mrs. Billy Edmiston and boys of Midland, Mrs. A. W. Hedlund from Monahans, and Mrs. Lenore Hedlund from San Angelo.

59 FORDS AWARDED GOLD MEDAL

by Comité Français de l'Élégance
at Brussels World's Fair

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

Why did the Comité Français de l'Élégance bestow upon Ford its highest award? One firsthand look and you'll see why these altogether-new 59 Fords were called the world's most beautifully proportioned cars. You'll see it in the new Thinline Roof and see-it-all rear window . . . in every clean and gleaming, low-swept line.

Yes, every brand-new Ford styling feature . . . from Fashion Star Grille to Iris Eye Safety Taillights—is designed to keep that brand-newness! Its Diamond Lustre Finish, for example, never needs wax to keep its glitter. And when we tell you Ford's low first cost, you'll realize that this 59 Ford is beautifully proportioned to your budget, too!
