## Churches Set Easter Plans; School Dismisses Today

### First of Three Elections Saturday; Two Tuesday

The first of three approaching elections comes up the day after tomorrow, when Schleicher county voters go to the polls to select two members to serve on the board of school trustees.

This election will be held at the school house Saturday, with the one voting box serving the entire county. W. N. Ramsay will serve as election judge as usual. The names on the ballot are:

Mrs. J. Forrest Runge  
Vernon B. Rogers  
Henry Speck, Sr.

Since there are two to elect, the voter will be obliged to scratch one.

#### City Election

The next election of a local nature is the city election which will be held next Tuesday. There will be one voting box and this will be located at the old city hall.

Mayor Calk is unopposed for reelection and the three alderman candidates are also unopposed. The three are E. C. Peters, Jack Halbert, Jr., and L. D. Mund.

#### Senate Election

Also on Tuesday there will be the special election for U. S. Senator, to elect a successor to Lyndon B. Johnson who is now vice-president.

In this election you will receive a ballot containing 71 names and you are to vote for one, and scratch out the remaining 70.

Since this is a state-wide election, all of the voting boxes in the county will be brought into play. Of the 71 names on the ballot, the six top contenders are considered by most to be: Tower, Will Wilson, Wright, Gonzales, Maverick and Blakley.

BLAKLEY is now serving in the Senate as interim appointee.

WILL WILSON is the present attorney general and is conducting a vigorous campaign.

WRIGHT is a congressman from Tarrant county and has a strong following in the Fort Worth area.

TOWER is a Republican who ran a good race against Lyndon Johnson in the last General Election. If he gathers in all the Republican votes, it should put him up near the top.

#### KERSEY RETIRING

Mr. and Mrs. George Calves were in Lubbock during the past week end where they visited in the home of their son, Dr. James E. Morris and family. On Friday they attended a retirement party at Post, Texas, in honor of L. B. Kersey, who is scheduled to retire on April 1st. Mr. Kersey was maintenance foreman at the Shell station here for a number of years.

The Kersseys will make their home in Arkansas after his retirement.

GONZALES is regarded as an ultra-liberal and has a strong following in San Antonio and South Texas.

MAVERICK is another outstanding liberal and is campaigning vigorously.

There will be a run-off between the two high men, in all likelihood, since it is improbable that any one candidate will get more votes than the remaining 70 together.

Since Texans usually vote for a conservative, we have our doubts about Gonzales or Maverick getting into the run-off.

If Will Wilson should go on to the top, it would call for another state-wide special election to fill the post of attorney general.

Anyway—in another week it will be narrowed down to two, and then they can start slugging.

The Eldorado public schools will dismiss later today, Thursday, for the upcoming Easter holiday week end. Friday is a holiday, as is Monday.

Classes will reconvene Tuesday morning, announces Supt. A. M. Whittis.

Some of the faculty expect to take trips during the holidays, while others will remain here.

Plans for the remainder of Holy Week and for Easter Sunday have also been made by our local churches. As always, all of our churches expect for this Sunday to be the largest in attendance for the entire year.

Maundy Thursday communion services are being held tonight in the Episcopal, Presbyterian, and Methodist churches.

The Presbyterians are the only ones planning an Easter sunrise service. They state that all are welcome to attend the event, which will be held at 6:30 Easter Sunday morning between the church and the manse.

The Ministerial Alliance has no joint service of any kind planned this year, and apparently there is no church choir presenting a cantata.

Plans announced for the coming week end by some of our churches

are as follows:

#### First Baptist

Preaching at the morning and evening services on Easter Sunday will be by Lewis Stuckey of Brownwood. Morning services at 11:00 will include an anthem by the choir, under direction of Frank O'Banion.

Evening services start at 8:00. Other activities as usual.

The pastor, the Rev. D. C. DuBose, will be conducting a revival in Brownfield.

#### First Methodist

A Maundy Thursday communion service will be held tonight at 7:30. Easter Sunday morning Sunday School will be at 9:45.

Morning Worship at 10:45. The pastor, the Rev. C. M. Nyquist, will give a sermon entitled, "The Greatest Day." The choir, directed by Mrs. Luke Thompson and accompanied by Mrs. Ernest Hill, will render an anthem, "Come to His Garden."

Sunday night service at 7:30.

#### First Presbyterian

Tonight, Thursday, the closing services of the Evangelism Meeting will be held at 7:30. The Rev. George M. Sullivan of Austin is preaching, and tonight's service will include communion.

Easter Sunday services will get under way at 6:30 a.m. with a sunrise service directed by the Rev. Dan Sebesta. It will be held outdoors, between the church and the manse. All in the community will be welcome to attend this service, it was stated.

Sunday School will be at 10:00, followed by the morning worship at 11:00 which will include an anthem by the choir under direction of Mrs. James Page.

That afternoon, the congregation will go to the Wilson Page ranch for an Easter egg hunt, picnic supper, and vesper service. Each family is to bring a dozen eggs by 11:00 a.m., so that the young people can dye them later. For the picnic, each family is to bring sandwiches, potato chips, and cookies.

The Senior High young people will have charge of the vesper service at the ranch, which will take the place of the regular Sunday night service.

#### St. Mary's Episcopal

Lea Roy Aldwell announces the following schedule for the remainder of Holy Week:

Maundy Thursday, Holy Communion and the Stripping of the Altar, 7:30 p.m.

Good Friday, The Way of the Cross, Good Friday Office and Meditation, 7:30 p.m.

Easter, Lighting of the Paschal Candle, Holy Communion, and Sermon, 11:00 a.m.

#### Assembly of God

Sunday School at 9:45 will be followed by morning worship at 11:00. The Easter sermon will be brought by the pastor, the Rev. Johnny Griffith. Services as usual in the Memorial Building.

An Easter egg hunt will be held for the children after noon. Night-time service gets under way 7:30.

#### First Christian

Holy Communion service tonight, Thursday, at 7:30.

Easter Sunday there will be regular morning worship services at 11:00, an Easter egg hunt at 4:00 at Mrs. William C. Porter's home, and night services at 7:30.

Judy Nixon, daughter of Mr. and Mrs. Andy Nixon and student at North Texas State at Denton, will spend the Easter holidays with her grandparents, Mr. and Mrs. M. J. Yearout of Hobbs, N.M.

Mrs. Viva Jackson of Corpus Christi will be a guest in the home of Mr. and Mrs. J. T. Jackson this week end.

## West Highway to Iraan, Started in 1950 To Become a Reality During Coming Year

The writer made a 65 mile-trip Sunday on west on the highway that will eventually take us to Iraan. Six miles of new highway had just been black-topped, bringing the road that much closer to Iraan.

If the reader will consult his highway map, it will be observed that Ranch Road 33 goes due west from Eldorado for a distance of about 50 miles—then makes an abrupt right angle turn and goes north about 22 miles to Big Lake.

It is from this turn or point that a new highway is under construction, heading straight west to Iraan. The distance in there is about 26 or 27 miles. Last year ten miles of new road was completed. Last week six more miles were completed. Keller Construction is at work right now on another 6-mile stretch which will probably be completed and black-topped by the middle of October. When that is completed there

will remain about four and seven-tenths miles to the west line of Crockett county.

Robert McCulloch, resident highway engineer at Sonora, reports that right-of-way for this last section has already been secured and engineering specifications are now being prepared, in preparation for calling for bids. Once a contract has been let, construction will be under way during the coming fall and winter, with final completion expected next spring.

This, then, will bring the road right up to the back door of Iraan. At that point you get into Pecos county and there is a little gap of one and 3-tenths miles to take you into town. This gap includes a bridge over the Pecos river.

When you get into Pecos county you also get into another Highway Department district. McCulloch reports that the officials in that district let contract last week for construction of the bridge and

the remaining short piece of road. So, there you have it.

By this time next year, you should be able to take off in your car and do 70 miles an hour all the way right in to Iraan. You will find Fort Stockton about 30 miles closer than it is now.

#### 12 Years

If we can travel a new road to Iraan next summer, it will have been 12 years since the project was first conceived.

C. L. Meador was county judge here at that time. It was the summer of 1950 and a hot election year. Under consideration was the extension of Ranch Road 33 on west to the Crockett county line. Meador said at the time that Highway Dept. officials had plans to ultimately carry the road on west to Iraan, and that it would then be incorporated into State Highway 29.

The road was built to the Crockett county line, and Crockett then carried it on west to Midway Lane.

County commissioners of Crockett were cool to the idea of providing right-of-way from there on west, and there were several years of haggling and a good deal of horse trading before they finally did.

Meador, incidentally, lost the election in 1950 by a mere five votes, due to highway location controversy, but we now have the road nearly completed as the Highway officials originally planned it. In another year we should be able to enjoy the fruits of this policy.

It—and when—this whole road is designated as State Hwy. No. 29, parts of it will be improved and straightened to bring it up to standard specifications. Then from Fort Stockton on west, we will have a direct route straight on east to Iraan, Eldorado, Menard, and on east to Georgetown in Williamson county.

### Senior Class Minstrel Well Received Tuesday

Well received by local people Tuesday night was the Old Fashioned Minstrel Show and All-Star Vaudeville Revue put on by the EHS Senior class of 1951.

Under direction of Bill Bowen, the production had all the hoop-la, costuming, and atmosphere of an old-time Minstrel Show, with many performers in black-face makeup.

Joe Kreklow was pianist, assisted by Judy Hext.

Long, old-fashioned appearing printed programs on multicolored paper pointed out that the revue consisted of "stunts, gags, jokes, skits, pantomimes, monologues, song, dance, instrumental, burlesque."

Jerry Don Johnson was inter-locutor, or master of ceremonies. End men were C. F. Dacy, Kenneth Hicks, Sammie Mayo, and Judge Whitten.

Crowns were Charles West and Carl Parker.

All other class members helped with performing, and back stage. Guest performers included Bob Burkart of Christoval, who sang a solo, a dance by Paul Pena, Jr., trio guitar and singing by Jack Turner, James Gillaspay and Willie Luedecke; a dance number by Pam Calk, and a solo by Bob Lester.

Other guest performers included Judy Hext, Rusty Meador, George Draper, and Terry Phelps. Class sponsors are Sherwood Barker and Guy Whitaker. Mr. Whitaker auctioned the cakes between acts.

Proceeds from the play will go into the class treasury which will defray expenses of the trip that the classmen will make in May to Galveston.

There are about 30 members of this year's Senior Class.

### Post Script

County Attorney T. P. Robinson, Jr., and Justice of the Peace Jack Montgomery have traded office space in the court house with County Agent W. G. Godwin. Mr. Godwin's office is now located on the second floor across the hall from the H. D. agent's office.

Mr. Godwin's former office on the first floor was partitioned. Montgomery is located in the smaller of the two spaces.

Building going on:

A small building is going up at the Southwestern Fence Co. yard on the Sonora highway. E. W. Gibson and Bud Davidson are proprietors of the business.

### SUNDAY SINGING

First Sunday community singing will be held at the Memorial Building here Sunday, April 2, beginning at 2:00 o'clock.

Margo Mittel, daughter of Mr. and Mrs. Archie Mittel, will be in from Baylor to spend the Easter holidays with her parents.

## Sonora Wins Plateau Relays Here Saturday

The ever improving Eldorado Eagles gave their visitors a run for their money last Saturday evening as four teams, all from District 8-A, were in strong contention for the Plateau title. Sonora finally topped the field with 109½ points. Sonora's strength came in the distance races. Eldorado placed second with 95¼ points followed by Ozona with 94¼. Junction 90, Sanderson 44, Mason 38, Big Lake 32, Iraan 31, Mertzon 10, and Rocksprings 1.

After getting a break in the weather the meet progressed in fine fashion with three records being broken and one being tied.

Jim Runge set a new mark of 51.3 seconds in the 440-yard dash. Primo Gonzales of Sonora edged Felix Valles in the 880 yard run to set a record of 2:03.6. Sonora's mile relay team composed of Geo. Robertson, Julio Samaniego, Buck Bloodworth and Ram Castillo, ran a 3:36.1 to establish a new record in that event. Joe Scott of Iraan tied the high jump record of 5' 10". Scott was also high point man with

29 points followed closely by Jerry Johnson of Eldorado with 27 points.

Summary of events:

CARBON PAPER at the Success

Austin.—Texas Senate demonstrated its faith in the future by passing an appropriation bill without having the money to meet the obligations.

It calls for spending \$2,496,685 during the next two years. It does not include teacher pay raises or medical care for the aged. Senators agreed that they needed to know how much new money could be raised before making decisions on these.

The measure calls for spending \$376 million from the already-overdrawn general revenue fund. That's \$103 million more than the comptroller's estimate of general fund revenue for the next two years. This \$103 million, plus a deficit that is expected to be about \$63 million at the end of this biennium, adds up to \$166 million in new revenue that would be needed to put the Senate appropriation bill into effect, as it is now.

Panel Okays Teacher Pay Raise

Senate Education Committee approved the Hale-Aikin school improvement program which includes an across-the-board \$800 a year raise for public school teachers.

Sen. A. M. Aikin Jr. of Paris, sponsor, said he would not ask for floor passage of the school measure until the general appropriations bill has been passed as well as a tax bill that would provide money for it.

Hale-Aikin program would cost local districts about \$18 a year. It would set the minimum salary for beginning teachers with bachelor's degrees at \$4,014 a year.

Horses Lose Race

Before a gallery packed with church people, Rep. V. E. (Red) Berry gave up the fight for a proposed constitutional amendment to legalize horse racing.

House vote against the measure was 143-to-5. Berry, seeing he did not have enough votes for passage, signaled his supporters to vote against it. This, he said, would avoid "putting them on the spot" for a lost cause.

Berry still hopes to get a referendum on the 1962 general election ballot to indicate public opinion on racing and parimutuel betting.

Taxes Debated

House Revenue and Taxation Committee is exploring the possibility of raising money through a corporate income tax.

Testimony was heard on two bills. One by Rep. Tony Koriath of Sherman would repeal the present corporation franchise tax (for a loss of \$48 million a year) and substitute a 3% corporate income tax (for a gain of approximately \$96 million a year).

Also heard was a bill by Rep. Maco Stewart of Galveston which would levy a 10% corporate income tax, repeal the oil well servicing tax and reduce the sulphur tax.

A bill to provide for a \$1 charge for taking a state driver's license examination was passed by committee and sent to the House. It would raise an estimated \$1,250,000 a year.

Meanwhile, Speaker James Turman, addressing a teachers' group, said he felt Texas was close to resorting to the "last resort"—sales or income taxes.

Campaign Limit Passed

Senate passed 26-to-4 a bill that would limit to \$25,000 the spending of any one candidate in a race for the U. S. Senate.

Sen. Martin Dies Jr. of Lufkin is sponsor of the bill. Limit would

Junction Easter Pageant to Be Presented Saturday

Junction's 11th annual Easter pageant will be presented Saturday, April 1, 1961, at 10 P.M. on the eve before Easter Sunday, in a natural amphitheatre on the hillside below The Everburning Cross, one mile south-east of Junction.

Presentation is by four-score Kimble County people, all laymen, women and children in colorful costumes, typical of the dress of Biblical times. Here they will reenact Jesus Christ's last Days on

Earth, so timed that the Scene of the final Ascension will take place shortly after midnight on Easter morn.

This Holy Spectacle will be presented in pantomime, supported from a broadcasting booth by readers and background music. A dozen stages have been arranged among the rugged rocks of the hillside, and changes of scenes are effected by the shifting of spot and flood lights.

The production is entirely amateur and non-commercial. Members of the cast are all local people, with no professional or paid actors. The cast contains men and women from many walks of life: clerks, lawyers, barbers, ranch men, bankers, teachers, mail men, housewives, merchants, mechanics—who take time from their business for several weeks to participate in this consecrated service.

apply to money spent for newspapers, radio or television advertising with the candidate's knowledge. All other means of advertising would be exempted.

Attorney general would be responsible for enforcement. If the bill should be finally passed and take effect before the present special senatorial race is over, it could put a lid on spending of candidates in the run-off campaign next month.

"Kid" Drivers Target

House Highways Committee is considering a bill that would take 14-year-olds off the road—as drivers of cars or motor scooters.

Rep. Maco Stewart, sponsor, urged the measure to "take the cars out of junior high school . . . and get the students' minds on their books." His measure would raise the minimum age at which a driver's license may be issued from 14 to 15 years and would set up the same licensing requirements for motor scooters. In some towns youngsters of 12 and 13 are allowed to ride scooters.

A motor scooter seller objected on grounds that many working youngsters, such as newspaper carrier boys, needed scooters for their jobs.

Mrs. Lester Nixon and Reuben, Lou Ann and Paul, spent Tuesday in San Angelo.

Mrs. Raymond Mobley was hostess when the Tuesday Bridge club met this week. Mrs. Russell Beach won high, Mrs. Howard Derrick won travel and Mrs. A. G. McCormack won bingo. Refreshments were served to two tables of players.

Mr. and Mrs. Jim Statham and family of Whitney spent last week with Mr. and Mrs. W. C. Parks, Jr. Mrs. Statham is Mrs. Parks' sister.

Mr. and Mrs. R. N. McDonald spent the week end at Granite Shoals where they were joined by Mr. and Mrs. J. W. McDonald of San Antonio.

Gary Parks and Freman Homer spent the week end in San Antonio visiting with friends and relatives.

Nancy Jo Jackson, daughter of Mr. and Mrs. J. T. Jackson, Jr., is expected home from Austin College at Sherman for Easter.

School News

Mrs. Miller's First Grade presented a program Wednesday afternoon in the high school auditorium entitled Happy Easter Time. The entire class had parts in the operetta with the following boys taking part: Robert Casbeer, Gary Danford, Brian Holsey, Bobby Ledingham, Archie Nixon, Tom Rittenhouse, Wes Wade, and Bob Rockaw. Girls in the operetta were Diane Adams, Teresa June Alexander, Paula Dockal, Judy Hanusch, Karen Hight, Carolyn June Holly, Louise Kessler, Jenny Sue Martin, Patty Page, Jean Rountree, Becky Smith, and Eva Stigler. Mrs. Nimitz's first grade furnished the chorus for the operetta. These children did such a beautiful performance and the costumes were so colorful.

The Senior class had their play Tuesday night in form of An Old Fashioned Minsrel Show. The Auditorium was almost completely filled. This was a little different from most of the plays, and several comments after the play were, "I liked it; it was so different, and I laughed 'til my side hurt."

Excitement is really buzzing around the primary grades at our grade school this Thursday. Each of the first three grades is having socials. Mrs. Stigler's 2nd grade and Mrs. Miller's 1st grade are having their Easter Egg hunt together in the park. Refreshments will be served to the children at the close of the hunt.

Mrs. Jack Jones' 2nd grade will have their Easter Egg Hunt at the home of Mrs. Bailey Rogers. Refreshments will be served to her class after the hunt.

Mr. Royster's 2nd grade is having their hunt on the courthouse lawn. They will have refreshments at the close of the hunt.

Mrs. Glenn Matthews 3rd grade is having a picnic and an Easter egg hunt at the Wilson Page ranch.

Mrs. Whitis' 3rd grade is having their Easter Egg hunt at the Paul Page residence. They will be served refreshments also.

Mrs. Nimitz's 1st grade is having their Easter egg hunt at the home of Mrs. Billy McCravey. They will be served refreshments also.

The Meaning of Easter

The victory of life over death—that is the meaning of Easter, the most important and the most joyous holiday celebrated by Christians.

For Easter commemorates the resurrection of Jesus Christ, who redeemed mankind through His death and then rose from the tomb on the third day. In His own victory over death is the promise of life everlasting for all men.

The Easter season also carries overtones of ancient spring festivals, celebrating the awakening of the earth after the dead of winter. The name may have come from Eostre, a Teutonic goddess of spring.

In many languages the name of the holiday is derived from the Jewish Pesah, or Passover, the festival that celebrates the exodus of the Jews from Egypt. The crucifixion and the resurrection occurred during the Passover Week and three of the Gospels say that the Last Supper was a Passover meal. Thus the Italians call the Christian holiday Pasqua; the Spaniards, Pascua, and the French, Paques.

In the first two centuries after the crucifixion, a controversy arose over when the festival was to be celebrated. The custom in Asia Minor was to observe Easter with the Lord's Supper on the evening of the 14th of the Jewish month of Nisan, which was Passover, regardless of the day of the week. The Romans, however, preferred to hold the Easter feast always on Sunday.

The Nicene Council of 325 resolved the dispute. It set the date for Easter as the first Sunday after the first full moon after March 21, which is about the time of the vernal equinox. It cannot come before March 22 or after April 25.

Members of Eastern Orthodox churches sometimes celebrate the holiday later than the other churches. But no matter what the date, "the festival of festivals" and "the most royal day of days" is marked by great rejoicing.

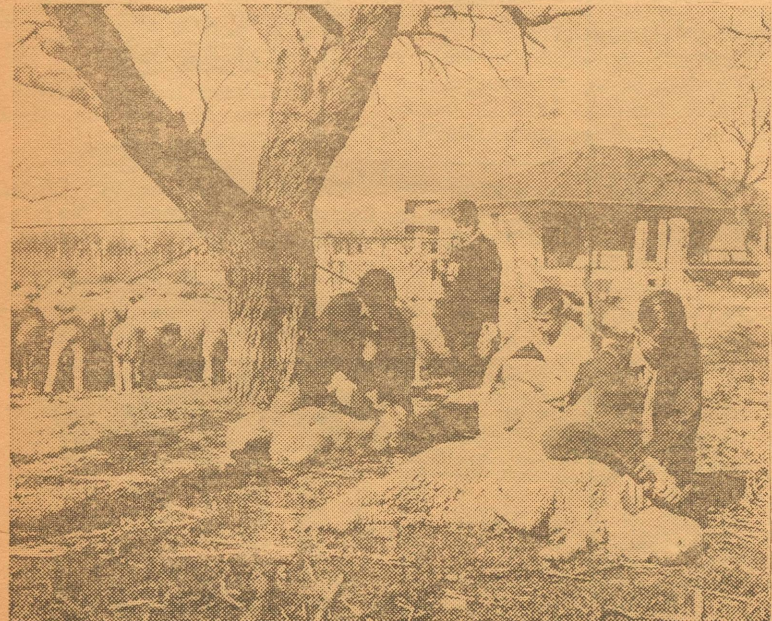

Letha Ann Parks was honored with a party on her 8th birthday. There were seven girls present. They had a picnic supper, then an Easter egg hunt. Then they were served ice cream and cake. Letha Ann is the daughter of Mr. and Mrs. W. C. Parks, Jr.

**Car Air Conditioning**

Your air conditioning system is an expensive accessory and must be serviced periodically to prevent failure. Working parts of the system are oiled by the circulation of freon and oil in the system. If a leak has occurred during the off season, and they often do, the system can be badly damaged in just a few minutes of operation.

Let us check your air conditioning NOW at the beginning of the season.

Now is the time for ranchers in the Eldorado Divide Soil Conservation district to think about the kinds and amount of grass they are going to grow this year. It's true, we can't make it rain, but the range manager can have a lot to do in making the best use of the rain that he does get.

If there is no grass on the range now, there probably won't be much there in May. How early and how much the grass puts out in the spring depends more on the cover, kind of vegetation, and condition in which it went into the winter, than on spring rains and warm temperature.

That short low producing pasture could be helped a lot by giving it a six or eight weeks rest right after a good rain during the growing season. Rainfall alone will not get low producing pastures into high production. It takes rest and deferments along with proper use to get a poor pasture into higher production.

During the growing season and in the fall, grass should be allowed to make a good growth with plenty of leaves and stems where plant food is manufactured. The food material is stored in the crown and roots of the plant. This will stimulate development and growth of buds just under the surface of the ground. These are the buds that swell and sprout the next year with spring rains and warm temperatures, making the spring grass crop.

Without spring, summer and fall growth of leaves and stems, few if any, buds are wormed before winter sets in. When this happens the next spring growth is delayed until new bulbs are formed which takes 30 to 60 days. This means a late grass crop and usually a short crop. Yes, from now until winter sets in again is a critical period in range management. If the range is down then, it is sure to be below normal the following spring.

From a range condition and composition standpoint there are very few pastures in the district that couldn't stand a good deferment. Grass is like a car, house or anything that is continually in use. It needs maintenance upkeep to get the most from it in the way of production. Deferment is one of these maintenance jobs necessary to keep the range in a high productive and vigorous condition. To do the job adequately, the pasture should be deferred once every three or four years. Yes, grass must be able to go to seed occasionally in order for the more palatable grasses to replace themselves and stay vigorous.

Soil Conservation Service personnel assisting the district have found that the higher producing pastures have other treatment than just rainfall. Generally, when the grass gets down to about 4 inches in height, as when the range manager thinks about half of it is grazed he moves the stock to another place. In other words the

stock are moved before a lack of feed begins to show. That keeps from hurting the grass as well as the stock. When rains come, there is enough cover and grass left to catch the rain and grow more grass. Good range managers never take off all the grass because the next year may be dry, and the grass and cover will surely be hurt if it is grazed too short.

Do you have a grazing plan for your ranch. This could be worked out very easy with the development of a range conservation plan on your ranch. Generally we do what we plan to do and things left unplanned, somehow we never get around to getting them accomplished. Now! Let's plan to do some deferring this year to improve our pastures and get them into higher production.

The McCamey and Crane Ministerial Alliances are sponsoring the services. —McCamey News.

**Building On Increase In Sonora**

Building and improvement to existing buildings is in another upsurge in Sonora. New homes include those of Mr. and Mrs. Joe Neal Smith and Mrs. Pat Cooper, Mr. and Mrs. Tommy Smith are enlarging their house and Mrs. Harold Garrett is enlarging and adding a beauty shop.

In the downtown area Home Hardware and Furniture has improved their display space by arrangement of counters and removal of partitions. Howell's Home Owned Grocery is taking over the rear portion of the old postoffice building for extension of market and shelving space. Phillip Cooper has moved his barbershop into the McDonald Hotel, and Westerman Drug is undertaking a re-arrangement of storage and prescription space. —Devil's River News.

**Symbols of Easter**

It wouldn't be Easter without baskets of brightly colored eggs, but how did they come to be associated with the great holiday of the resurrection?

Eggs represent the new life that begins in the spring about Easter time. The ancient Persians believed that the earth had hatched from a giant egg. Persians and Egyptians used to exchange colored eggs with their friends. Early Christians adopted the custom of coloring eggs to Easter.

Some legends credit the Easter bunny with bringing the eggs. The rabbit, too, is an old symbol of birth and the new life. Moreover, the rabbit, or the hare, has long been associated with the moon. It may have become an Easter symbol because the moon determines the date of the holiday.

Lighting candles at Easter was a custom in Rome back in the 200's. One Church father declared that "on the night of the resurrection no one should sleep and everyone should have a light, for on that night the Redeemer made everyone free from the darkness of sin and the grave." The large paschal candle used in Roman Catholic services represents Christ risen from the dead as the light of the world. It is blessed and studded with five grains of incense, symbolizing Christ's wounds.

One of the traditional Easter foods and a figure in many decorations for the holiday is the lamb. This symbol comes from the Jewish Pesah, or Passover, celebration. The Jews used to sacrifice a paschal lamb in the Temple at Jerusalem during Passover. Early Christians saw in this sacrifice a forecast of the sacrifice of Christ. They referred Him as "The Lamb of God, which taketh away the sin of the world." (John 1:29).

The most universal symbol of Easter, and of Christianity itself, is, of course, the cross. Many ancient peoples, such as the Phoenicians, Assyrians and Persians, considered the cross a religious

object. To some American Indians it is said to have been a mystic symbol of the four cardinal points of the compass. At the time of Christ, however, it was representative of the most shameful and cruel form of execution. The death of Christ transformed it from an object of humiliation into a symbol of glory.

**ROYAL AMBASSADORS MEET**

San Angelo.—Twenty boys and men from the First Baptist church of Eldorado will attend the third Texas Royal Ambassador Congress here March 31-April 1.

More than 1,000 boys and men are expected to attend conferences on the new RA program and hear Southern and Texas Baptist leaders speak in the First Baptist church, said Robert Charman, associate in charge of RA promotion in Texas.

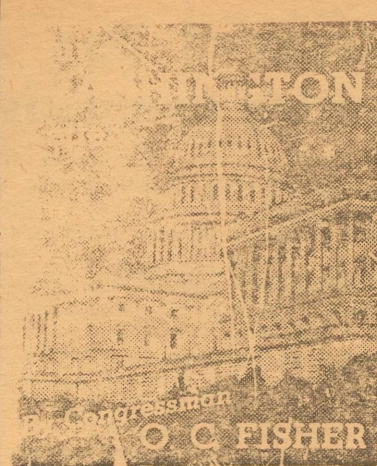

Dr. W. David Lockard, Southern Baptist missionary to Southern Rhodesia, will speak Friday night on "Building Anew in Missions," and Dr. T. A. Patterson, executive secretary of the Baptist General Convention of Texas, will bring the Congress' closing address Saturday morning.

**JIMMY DAN IS ONE**

Jimmy Dan Doyle, son of Mr. and Mrs. Jimmy Doyle, celebrated his first birthday with a party in his home on Saturday, March 25.

Eight children and their mothers were served ice cream and cake. An Easter theme was carried out throughout the party and chocolate bunnies and Easter baskets were given as favors. Cynthia Raibourne, Mike Sebesta and Jonathan Griffith won prizes in the games that were played.

Those attending the party were Cynthia Raibourne, Mike Sebesta, Lynn Whitaker, Jonathan Griffith, Melody and Charlie Davidson, Kim Ann Griffin, Sherlene Robinson, and their mothers, Judy Davidson, Mrs. J. C. Doyle, Ann Doyle and Jimmy Dan.

Aside from the vote on packing the Rules committee, the House approved the first major legislation of the session last week when it passed a bill to increase the minimum wage and extend its coverage.

It was a watered-down version of the bill which had Administration backing. The latter would have hopped the minimum from the present \$1 to \$1.25 an hour and would have extended its coverage to 4.3 million additional workers covering retail and service enterprises.

But in the version approved, the hourly raise for those already covered would be from the present \$1 to \$1.15. The bill extends coverage to about 1.2 million in retail businesses. The wage floor for newly covered workers would be set at \$1 with no time-and-a-half provision for overtime work.

Only businesses with five or more outlets in two or more states would be covered, and branches of chains grossing less than \$250,000 a year would be exempt.

The Administration bill, sponsored by James Roosevelt and Adam Clayton Powell, would, according to a mass of evidence presented during hearings, have forced several hundred thousand workers out of jobs. The version adopted will, of course, have much less impact upon the economy.

It appears likely that the Senate will approve a more liberal bill, and then a conference committee will be called upon to work out a compromise. So, the House version may or may not survive when final action is taken.

**Facts of the Red Cross First Aid Services**

Did you know that each year an average of more than 35,000 persons lose their lives in motor vehicle accidents? And that another million and a half are injured? As staggering as these figures are, with a rapidly growing population and with more and more cars on our highways, they are bound to increase—unless many more Americans become much more safety conscious.

To help Americans live more safely is the major objective of Red Cross First Aid Services.

How is this objective accomplished? First of all, by formal training in first aid, which gives the know-how to care for an accident victim at the same time help make people more aware of accident causes and how to avoid them. Secondly Red Cross develops large quantities of materials for people in first aid techniques. Maintained also are highway first aid stations and mobile first aid units, both manned by volunteers. All of these are ways in which First Aid Services seeks to help preserve life and limb.

Having reached the honorable age of 50 last year when it celebrated its anniversary, First Aid Services look forward to the future when still more break-throughs in first aid will contribute to a longer and happier life for all of us.

In this chapter 172 adults were trained in First Aid; 127 students were trained in the schools where guides and check lists were available. There are 10 currently authorized volunteer First Aid Instructors. There were 956,000 persons trained in First Aid throughout the nation last year.

**Preparing For Easter**

The Easter season actually opens weeks before the joyful Sunday that marks the resurrection.

On Ash Wednesday many Christians begin a time of fast and prayer called Lent. The term comes from the Old English word *Lencten*, meaning springtime. The early Christians in Rome held a 40-hour fast and vigil in remembrance of Christ's rest in the grave. But the period was later extended to the 40-day Lent, probably as a reminder of the 40 days Christ fasted in the wilderness.

In anticipation of this solemn season, Christians in many parts of the world celebrate with carnivals. In New Orleans, for example, the season of carnival, or farewell to the flesh, lasts from about January 6 to Shrove Tuesday, which is Mardi Gras Day. The French named the holiday *Mardi Gras*, or fat Tuesday, after the custom of parading a fat ox through the streets of Paris on Shrove Tuesday.

The day is also known as Pancake Day, and every year the women of Olney, England, and Liberal, Kansas, compete in a pancake race.

The next day is Ash Wednesday, when the priest makes a cross on the foreheads of the devout with ashes. Since Biblical times, sprinkling oneself with ashes has expressed sorrow.

The last week of Lent is Holy Week. It begins with Palm Sunday, named for the palms that lined Christ's path as He made a triumphant entry into Jerusalem. The palms exhibited on this day are later burned and the ashes are used for Ash Wednesday of the following year.

Maundy Thursday commemorates the Last Supper and the time when Jesus washed the feet of His disciples as a token of brotherly love. At one time, the king or emperor of Austria, Russia, Portugal and Spain would wash the feet of 12 poor persons.

Good Friday is a day of mourning as the anniversary of Christ's death on the cross, while Holy Saturday is spent in anticipation. Then, at dawn, comes Easter Sunday and the happy celebration of the resurrection.

**ELDORADO YOUTH ATTENDS AIR FORCE ASSEMBLY**

Air Force Academy, Colo. — Shannon H. Ratliff, a senior at Texas University, son of Mr. and Mrs. J. T. Ratliff of Eldorado, is attending the Third Air Force Academy Assembly, an annual student conference being held March 22-25 at the Academy north of Colorado Springs, Colo. The Assembly has attracted 90 delegates from 56 American colleges and universities.

Cosponsored by the American Assembly of Columbia University and the Air Force Academy, this is the third in a series of student meetings devoted to vital issues of national policy. This year's assembly subject is "National Goals, Challenges for the Sixties." In addition to round table discussion of the issues involved in the Assembly topic, delegates to the three-day conclave were to hear several outstanding authorities on America's national goals.

**BROWNIES MEET.**

Brownie Troop No. 6 met March 27. The president, Shelia Hanusch called the meeting to order. The vice president, Jana Boothe, called the roll with 20 present.

Dues were collected by the treasurer, Mary Lyn McCalla. Minutes of the last meeting were read by the secretary, Genie Newport. Treats were served by Gail Robinson. —Rita Roden, Rep.

Mr. and Mrs. Gus Love, Roy Lynn, Mr. and Mrs. Roy Andrews and Doug Yates all spent the week end at Granite Shoals. Gus remained for a few days to do some remodeling on their cabin.

**Easter Around the World**

From Paris, Illinois, to Paris, France, from Sweden to Syria, Christians find hope and joy in Easter. They also find different ways to celebrate the holiday.

In France and some other European countries, church bells do not ring from Good Friday to Easter. According to a legend, the bells fly to Rome. On their way back for Easter, they drop the eggs which children find.

Germans color the eggs green on Maundy Thursday and carry them around all day for good luck. The Shrove Tuesday festival is called *Fastnacht*, or fast night, in Germany and Switzerland.

The English are especially careful to wear new clothes, because an old rhyme warns, "At Easter let your clothes be new, or else be sure you will rue." The custom of wearing new clothes comes from the early days of Christianity when newly baptized persons were dressed in white linen garments. Easter has always been a favorite time for baptism.

Religious processions mark Good Friday in Spain. Sometimes the processions include pasos, or wooden figures mounted on platforms which represent scenes from the last week in Christ's life. Easter Day is celebrated with dancing and bullfights.

Children in Denmark and Norway trim birch branches with paper streamers on Shrove Tuesday and playfully beat their elders until they receive hot cross buns. During Lent, Swedish people decorate their houses with birch twigs trimmed with chicken feathers.

In Armenia and Syria, church officials wash the feet of beggars on Maundy Thursday, while Eastern Orthodox officials hold a public foot-washing ceremony in Jerusalem.

In the United States, New York's Easter parade and the White House egg-rolling contest are well-known customs. In Bethlehem, Pennsylvania, the trombone choir of the Moravian church awakens the people early on Easter morning, and they sing and pray as they wait for the dawn. Outdoor sunrise services are observed in many places, such as the Hollywood Bowl in California and the Hawaiian Punchbowl, overlooking Honolulu.

**AT DIRECTORS MEETING**

Among those attending the spring quarterly directors meeting of the Texas Sheep and Goat Raisers Association in Mineral Wells, March 24-25 was Jo Ed Hill of Eldorado.

Benzie, Jenne, and Sammie Lee, children of Mr. and Mrs. Robert Jay, are back home from a week's stay in the hospital and are about completely recovered from their illness.

Each holiday season has its own traditional meat and for Easter it's ham. I'm not sure how ham won its place of distinction but there could not have been a finer choice of meat for the dinner table on next Sunday.

If you buy enough you can make it stretch over the whole needs for a main dish and quick snacks for the week end. I think I'll have escalloped potatoes, apple sauce, fresh green beans, rolls, and fresh fruit salad with poppy seed dressing with the ham I cook for us. After such a substantial meal, dessert seems to be more appropriate an hour or so after dinner, so angel food squares and coffee will complete the menu. For insured good luck on your ham cooking, try the directions which follow for a

**Honey-Glazed Baked Ham**

- Whole or half ham
  - Cloves
  - Prepared mustard
  - 3/4 c. brown sugar
  - 3 tblsp. honey
- Place ham, fat side up, on rack in shallow baking pan. Bake in slow oven (300 F.) uncovered and no water added, according to the size of the ham. Allow 30 minutes per lb. for uncooked ham.

Remove from oven 30 minutes before it is baked. Pour off drippings. Remove all skin. With a sharp knife score fat into diamond shapes. Cut about 1/4 inch deep. Stick a clove in the middle of each diamond.

To glaze ham: Spread the whole surface with prepared mustard. Cover generously with brown sugar. Drizzle on honey. Return to a moderate oven (375 F.) and bake the remaining half hour. Serve hot or chill and slice. Garnish with parsley.

Variation: Use Honey-Cherry Glaze instead of honey. Combine 1 c. clear strained honey, 2 tblsp. cherry juice drained from maraschino or canned cherries and 1 tsp. dry mustard. Add the last 30 minutes of cooking, basting every 10 minutes with some of the mixture.

Plan on the following amounts for a serving: uncooked ham with bone in, 3/4 pound; uncooked boneless ham, 1/3 pound; cooked boneless ham, 1/4 pound.

**Sweet Glazes For Ham**

- Spread any of the following glazes over hot fat-scored (diamond cut) baked ham instead of honey glazes (above). Then bake in a hot oven (400 F.) until surface forms a glistening brown glaze.
- 2 c. maple syrup.
- 2 c. barbecue sauce.
- 2 c. ginger ale.
- 1/2 c. orange, peach or apricot marmalade.
- 1 c. cranberry or currant jelly.
